3. **Housing Strategy 2022-27**

A presentation was given by the Housing Strategy Officer on a draft Housing Strategy that will be subject to public consultation between 4 October and 15 November.

The main points from the following discussion are outlined below:

- The draft strategy was welcomed and officers of the service were praised for their achievements to date in improving housing provision on the island

- The draft strategy will provide a sound basis for reducing socio-economic disadvantage in the long term (Holyhead)

- The importance of learning lessons from the past in order to protect the communities of the future (Llanfaelog; Beaumaris; Mechell)

It was explained that councils will have an opportunity to provide details of any specific problems as part of the consultation and councils were encouraged to submit observations by 15 November.

It was noted that the consultation would also include a link to a questionnaire on housing needs, in an attempt to obtain a better understanding of the situation across the island. The assistance of the town and community councils was sought to promote the questionnaire within their communities.

Mae'r ddogfen hon hefyd ar gael y Gymraeg / This document is also available in Welsh.

Action: The link to the consultation document to be circulated to all town and community councils.

4. Review of the Council's electoral arrangements: update from the Head of Democratic Services

It was noted as follows:

- Recent announcement by the Welsh Government that the Boundary Commission's final proposals have been accepted (14 wards and 35 members), with only one possible change (one ward name change - *Tref Cybi* to *Caergybi*) – final confirmation of this is awaited and the Statutory Order is expected to be published shortly.

- Elections to be held on 5 May 2022 and young people over 16 years old will be able to vote in the local elections for the first time – the electoral register is currently being updated and the Council is promoting the importance of registering on social media / the Council's website.

- The County Council, along with all councils in Wales, has adopted a declaration to increase diversity amongst candidates standing to be elected councillors – information about the role of councillors will need to be shared widely over the coming months to attract individuals from under-represented groups to stand for election.

- Information will be available on the Council's website and virtual sessions for prospective candidates will be arranged in the new year.

The Council was asked to also draw attention to the town and community council elections that will be held on the same day (Beaumaris). It was explained that this would be happening as part of the sessions and that town and community councils should also ask for support from One Voice Wales.

Reference was mae to the current consultation by the UK Government's Department for Transport on the above (see link below).

www.gov.uk/government/consultations/strengthening-enforcement-of-the-dangerous-use-of-recreational-and-personal-watercraft

The Deputy Chief Executive explained that the Council had a legal responsibility for the waters around the island, including the Menai Strait, and intended to respond to the consultation, with imput from legal specialists. In addition, a review of the use of recreational watercraft on a section of the Menai Strait is currently being undertaken and the Council was also awaiting a report on the fatal accident that happened in August 2020.

Mae'r ddogfen hon hefyd ar gael y Gymraeg / This document is also available in Welsh.

The County Council was requested to refer to the need to take steps to safeguard wildlife in its response, noting that there was no reference whatsoever to wildlife in the current legislation (Trearddur).

6. Any Other Business: Planning Applications
